Nashville, Jan. 4, '61.-tf. MILITARY COLLEGE OF THE UNIVERSITY OF NASH-VILLE.—By reference to our advertising columns, it will be seen that the second term of the present Annual Session commences on the 28th inst, and will continue until the 13th of June. Under all circumstances, it is the purpose of the Faculty to continue their instructions-keep excitement without its walls, and to preserve that tranquility necessary for successful prosecution of studies. Their objects are at present eminently secured and will be maintained in future. When students enter the College, their object must be to study. When they desire to participate in the excitements incident to the times, they ought first dissolve their connection with the College. The military instruction with every variety of small arms is very complete and is given at such times as will not interfere with studies, and together with thorough instruction in office. gymnastics, affords something more desirable than

mere relaxation from studies. It is hoped that the present session of our Lagislature will recognize the advantages of its peculiar organization, and at least provide for it a battery of light artillery. This should by all means be done. Other benfits might well be extended to it in compensation for the services it is doing the country. We apprehend its usefulness will soon be more fully appreciated than it ever has been hitherto. The time may perhaps be near at hand. when States' military colleges may, through their graduates, prove their real worth to the South, and may secure the fostering care which they merit.

NASHVILLE FEMALE ACADEMY Founded 1816.

After a rest of six months, on the 19th of January 1861, I resume my position as Principal of this Institu tion, with which I have been connected for 21 years. FIGURE Academy offers some peculiar advantages, among which, we think, are the following:

1. A well emclosed Yard of about 5 acres, within the incorporated limits of Mashville, thus affording Pupils unrestrained freedom in healthful recreation, and still subjecting them to the restraints of a refined and intelligent seciety

2. Busildings in extent and suitableness for all school purposes, unequalled in the United States by any Female School, and these surrounded by pavements and corridors, effering constant is duction to thildien, to breathe the fresh air, without respect to the teacher. regard to the weather.

epend upon it, mothers, it will give rest to yourselves, Relief and Health to your Infants. We have put up an't sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUMH of it, what we have never been shie to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE BO KNOW," after ten years experience, and pictic our reputation for the fulfillment of what we have declares. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fiften as wenty minutes after the syrup is administered.
This valuable preparation is this prescription of one of the most coperionced and scaling access in New England, and has been used with never falling success in

TROUSANDS OF CASES. It not only relieve the child from pain, but invigorates the domach and lowels, corrects addity, and gives tone and energy to the whole system. It will almost instantly relieve Griping in the Bowels and Wind Colic, nod symcame convulsors, which, if not speedily remedied, end in death. We believe it the best and sweet remedy in the world, in all cases of Dysentery and Diarrham in Children, whether it arises from techning, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between you and your selfering child, and the relief that will be ours—yes, absolutely sure—to follow the use of this medicine, if timely used. THIS "REMEDY" CURES WHEN ALL OTHE

PREPARATIONS FAIL. It is entirely unlike every other medicine prescribed for Tenereal Diseases, as it contains no mineral poison or nauseous drugs, being prepared from roots, barks and leaves, in the form of a pleasant and delicious Syrup.

It is "nature's own remedy" for Generature, (Clap) Gleet, Gravel, Stricture, and is especially recommended for Fluor Albus, (Whitze in Females,) for this complaint it is invaluable.

As a general alternative and bleed purifier, it has no equal, and does not fall to cure scrofula, secondary syphilis, glandular swellings, moreurial and all cruptive diseases, curing them more speedily and permanently than any other medicine known. It does this by purifying and cleansing the blood! Causing it to flow in all its original purity and vigor, thus removing from the system all impure and permissions causes which have induced disease.

In all old cases of Genoratures and Gleet, that have haffed all medical skill, it is especially recommended—in old cases it never fails, and recent enes it cures from one to three days. A few does positively removes all scalding heat, chories and pain.

It does not effect the heavily or interest and the contraction of the contraction. It does not effect the breath or interfere with any class

It requires no assistance from other medicine.

It can lay on the tollet t ble, or in the counting room, without its ever being suspected as a "remedy" for private discases. A Treatise on Venereal Diseases, with full directions for their permanent cure, accompany each bottle.

For full directions get a Circular free from any drug store in the United States.
